Piper performance equipment for Peugeot 206 GTi

Piper Cams have just released a range of performance parts to enhance the Peugeot 206 GTI 2.0 litre engine.

For fast road use Piper can reprofile the standard inlet cam to stage 1 specification which will extract another 15bhp from the engine (The exhaust cam remains standard). This costs just £109 plus VAT.

For something faster Piper can offer a pair of competition cams at £479 plus VAT, uprated valve springs at £148 plus VAT, spring retainers at £54 plus VAT, vernier pulleys at £171 per pair and either mechanical followers at £350 plus VAT or hydraulic followers at £222 plus VAT. Piper's full race profiles are used in engines that are producing over 270bhp.

For more details contact Piper on +44 1233 500 200 or visit their website at www.pipercams.co.uk
